E-SERVICES

With the E-SERVICES from Blum we can support you online, at any time and anywhere. Our services are geared directly towards your day-to-day work. Some facilitate individual tasks, others support you along several steps within the process chain.

E-SERVICES portal

The E-SERVICES portal makes it even easier for you to find the right service for your needs. So you can achieve the best results more quickly. Once you have registered, you can immediately access the E-SERVICES you require around the clock.

Product Configurator

With the Product Configurator, you can quickly and easily find the right fitting solutions, order parts lists from the distributor or download production information.

My library

Complete and incomplete configurations can be saved under 'My library', ready to be used as templates.

My projects/My order lists

Customised configurations are saved and managed under 'My projects' and orders can be easily processed under 'My order lists'.

Product database

The product database contains descriptions, technical details and drawings for Blum products – available to view online and as a download.

DYNAPLAN/Cabinet Configurator

Using our cabinet configurators you can easily plan cabinets, select fittings and send planning results directly to manufacturing.

CAD/CAM data service

The CAD/CAM Data Service gives you fast and clear access to CAD/CAM data for Blum products whenever you need it.

Marketing Media Library

The Marketing Media Library contains all the product information and marketing documents. These are always up-to-date and available online at all times.
